

“Only Hearts” Visions of a Peaceful World

Dear Educator,

Welcome to the “Only Hearts” Art/Peace Project. Our project, features the visions and creations of over thirty-five hundred Sarasota, FL students sharing their view of peace/conciliation in the world. Debuted on the millennium, it gave students the opportunity to creatively paint and draw their vision of a world in peace and harmony, and on the back to write about how they would make their dream real. “Only Hearts” can be downloaded from the Internet and is being used by schools and educators around the world. Visit our students online gallery at: https://dwij.org/forum/only_hearts/artists.html.

Discover the many ways to present this project in schools, and in community events.

Good life,

A handwritten signature in black ink, appearing to read 'David Gittens', with a stylized flourish at the end.
